Design's Chalk Art Contest

Sullivan College of Technology and Design's Chalk Art Contest was a huge hit! During the spring picnic, students, faculty and staff had a great time creating chalk art image designs. So many creative works of art were transferred to the concrete walkway in front of the main building. Third place went to the SCTD admissions team for their interactive butterfly design. Instructor Carla Wallace and Interior Design student Tricia Hourigan won second place for their interpretive fire breathing dragon design image. First place was awarded to the Interior Design team for their unique rendition of “The Scream.” All of the designs were truly amazing and the judges had a very difficult time choosing only three winners.

Congratulations to all of the artists!
